READY 2 RACE AUCTION A NO GO IN 2022

After much consideration the Bendigo Greyhound Racing Association has determined to not proceed with the Ready 2 Race Auction Series in 2022 and the future of the concept is uncertain.

First held in 2012, the Ready 2 Race Auction has been a feature of the BGR's events calendar until covid saw the cancellation of the 2020 and 2021 events.

"The Club, in conjunction with GRV personnel, have undertaken a detailed review of the Ready 2 Race Auction and the pros and cons of such an event in the current climate and have decided that the auction will not take place in 2022 at Bendigo" said BGR General Manager Charlton Hindle.

"It has been a difficult decision for the Club to make given the enormous hours and dedication to the event that has been put in by everyone involved here at Bendigo and at GRV in the 10 years since the inaugural R2R was conducted however we feel in the interests of majority concerned the decision to cancel is the right one" added Hindle.

The BGR will continue to focus on strengthening its racing product through the various carnivals and feature events conducted each year and reviving some of the themed and charity events that were put on hold for the past two covid impacted years.
